

# Brain Mapping Center Seminar Series

Sponsored by the faculty of the Ahmanson-Lovelace Brain Mapping Center at UCLA

The focus of these talks is on advancing the use of brain mapping methods in neuroscience with an emphasis on contemporary issues of neuroplasticity, neurodevelopment, and biomarker development in neuropsychiatric disease.

Hosted By: Allan Wu, M.D., *Neurology, UCLA*

## “Computational Methods for MRI Segmentation, Registration, Connectivity Analysis and Visualization”

**David Shattuck, Ph.D.**

*Associate Professor, Department of Neurology, UCLA*

**December 5, 2013**

**11:00am – 12:00pm**

**Neuroscience Research Building (NRB 132)**
